

Vertical balers

X-series X30 AD

ERGONOMICAL BALING

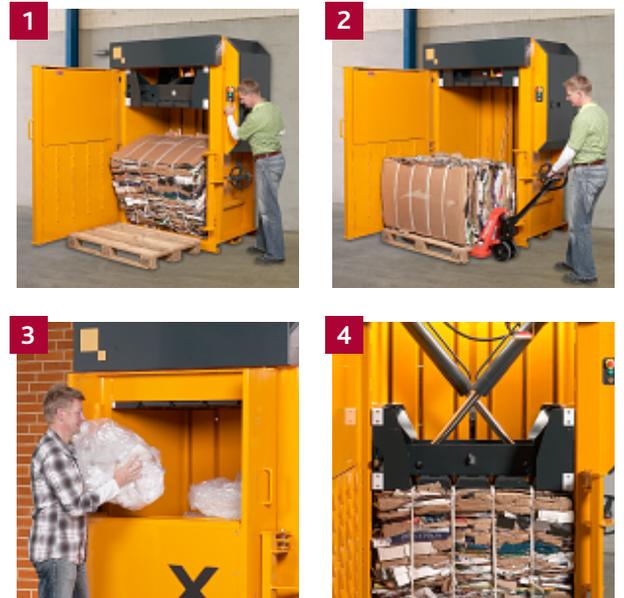

The X30 AD is suitable for retail shops and industrial companies with large quantities of waste. This baler is a compact machine with high capacity and superior press force.

The X30 AD has an unique sliding door that closes and opens fully automatically. This gives the operator an ergonomical and quick filling of waste, still complying with the highest level of safety.

Technical specifications

Press force (t)	30
Power supply	3x230/400V 50Hz 25/16A
Motor (kW)	4.0
Noise level (dB)	59-60
Cycle time (sec)	25
Dimensions WxDxH (mm)	1745 x 1390 x 2295
Weight (kg)	1840
Filling opening WxH (mm)	1090 x 655
Filling height (mm)	1130
Chamber height (mm)	1675
Stroke (mm)	940
Bale size WxDxH (mm)	1200 x 800 x 1000
Bale weight cardboard (kg)	280-350
Bale weight plastic (kg)	350-450

1 Compact your waste and eject the finished bale. **2** Remove and store the bale until collection. **3** The door to the chamber opens automatically and remains down, giving rational waste filling. **4** The cross cylinders ensure stable compression and a low overall height.

- **Fully automatic door**
giving quick filling of waste
- **Noiseless**
Due to an unique hydraulic system
- **Easy installation**
Very low overall height
