

## BALEX 30 “CARPET CRUSHER” from Kenburn

### KENBURN’S “CARPET CRUSHER”

The Europress Balex 30 “carpet crusher” from Kenburn enables flooring contractors and retailers to reduce the volume of their waste carpet using 30 tonnes of compaction force.

Once compacted, the new carpet off cuts, or post-consumer broadloom waste can be easily transported to any of the UK based carpet recyclers or ‘waste to energy’ plants.

\* Wool mix carpets are recycled into underlay

\* Man made carpets are recycled into equestrian flooring

\* Post-consumer carpet and underlay goes to ‘waste to energy’

The Balex 30 “carpet crusher” is easy to operate, reduces ever increasing skip costs by diverting waste carpet from landfill and also helps to keep the workplace ‘neat and tidy’.
