

Bale press

2-0 F

Small multi chamber press

The 2-0 F multi chamber press has been designed to serve customers with smaller quantities of waste.

With two chambers you have the possibility of sorting your waste before compressing, eg. using one chamber for cardboard and the other for plastic.

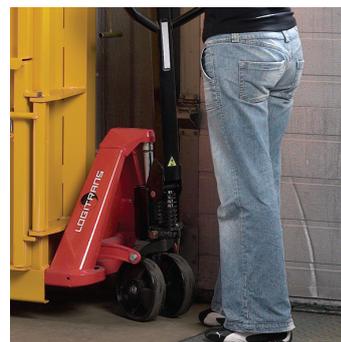

Both chambers are operated by a common press section, which is easily moved from one side to the other.

- **Effective operation**
With a fast cycle time
- **Rational sorting**
Saving time and space
- **Easy move of press section**
Due to horizontal handle

Technical specifications	
Press force (t)	4
Power supply	1x230V 50 Hz 10A
Motor (kW)	1.1
Noise level (dB)	65-68
Cycle time (sec)	20
Dimensions WxDxH (mm)	1710 x 900 x 2120
Weight (kg)	560
Filling opening WxH (mm)	700 x 500
Filling height (mm)	1240
Chamber height (mm)	-
Stroke (mm)	750
Bale size WxDxH (mm)	700 x 500 x 700
Bale weight cardboard (kg)	40-60
Bale weight plastic (kg)	50-70

The machine has a full-indicator, which tells you when the chamber is full and ready for baling.

The horizontal handle gives an ergonomic working posture.
