

Mobile-Pack-Bin MPB 414-SN

with self-cleaning BERGMANN system.

No regular cleaning under and behind the piston required,

equipped for skip-lift vehicles, particularly suitable for wet waste an problematic waste.

Technical Details:

- Integrated hydraulic unit that can be pulled out to the side
- compaction system: self-cleaning pendulum piston
- Continuously loadable - in each press piston position there is always a constant large filling space available
- no blocking during the press stroke
- Press section and container space are welded in one piece from the filling edge to the backdoor
- The pendulum flap is locked twice and additionally equipped with two toggle closures

serial equipment:

- pendulum discharge door, secure galvanized double locking device
- conical container
- single pump
- oil deficiency switch
- Electrical connection: 400V, 3Ph, 50Hz, CEE plug 32A (16A-CEE-plug optional)
- automatic switch off after running time
- control panel attached to the right (remote control optional)
- 2-component coating (80 µm) in RAL colour as requested
