EXPERIENCE IN EVERY DETAIL.

BERGMANN

MPB 918 / MPB 414

› **EXTREMELY EFFICIENT.**

Achieves the highest compaction results for general waste, organic and residual waste. Reduces disposal costs by up to 75%.

› **EXTREMELY CLEAN.**

Manual cleaning behind or under the piston is no longer necessary thanks to the self-cleaning system.

› **EXTREMELY SAFE.**

Standard ratchet extension and conical design ensure easy emptying, even under high pressure.

› **EXTREMELY COMFORTABLE.**

For service and maintenance work thanks to the pull-out hydraulic unit.

› **BERGMANN**

MOBILE-PACK-BIN 918 | 414.

For wet waste and residual waste.

BERGMANN

MOBILE-PACK-BIN

MPB 918 / MPB 414

BERGMANN'S ORIGINALS. SAVE COSTS IN THE LONG TERM FROM DAY ONE.

BERGMANN Mobile-Pack-Bins have been the best solution for more than 40 years when it comes to compacting wet waste such as organic waste, residual waste, etc. as much as possible. Among other things, this reduces disposal costs by up to 75 percent. The self-cleaning system eliminates the need for cleaning and maintenance work under and behind the piston. The MPB 918 and MPB 414 Mobile-Pack-Bins not only impress with their extreme durability, but also offer many advantages in terms of hygiene, which is why they are very popular in hospitals.

BERGMANN
MPB 918

BERGMANN
MPB 414

DESCRIPTION	Mobile-Pack-Bin with self-cleaning system for wet waste and residual waste
APPLICATIONS	Supermarkets kitchens hotels warehouses hospitals nursing homes printing houses
TYPES OF WASTE	Organic waste residual waste cardboard
ENGINE/POWER	5.5 kW 32A CEE plug 400 V, 50 Hz, clockwise rotating
FUSE	25 A on site
STROKE CAPACITY	MPB 918: 0.75 m ³ MPB 414: 0.65 m ³
USEFUL VOLUME	MPB 918: 14 m ³ to 23 m ³ MPB 414: 8 m ³ to 14 m ³
EQUIPMENT	Front hook foldable, front hook height adjustable from 1450 mm to 1570 mm, oil collecting pan below the unit, oil level switch, operating hours counter, lockable main switch, autotimer, stable locking of the unloading backdoor, rear shunting hook and much more.
SPECIAL ACCESSORIES	Integrated lift-tipping device, hopper, cover hinged at the rear, tipping device with load cell, stepless variable full signal, GSM telecommunication module with maintenance, portal for location and management of the compactors, etc.
DIMENSIONS	MPB 918: Width ca. 2500 mm Height ca. 2650 mm Length ca. 4700 to ca. 6600 mm MPB 414: Width ca. 2000 mm Height ca. 2450 mm Length ca. 4100 to ca. 5600 mm
WEIGHT	MPB 918: ca. 4300 kg to ca. 4900 kg MPB 414: ca. 2900 kg to ca. 3300 kg
APPROVED	CE

Technical changes reserved.

WATERPROOF MOBILE-PACK-BIN.

01_ GENTLE.

The container can easily be maneuvered thanks to the hook mounted on both sides while the plastic rollers - compared to conventional metal rollers - are gentle on the ground.

_02 UNIQUE.

Thanks to the pendulum piston with self-cleaning effect, the machine can be filled at any time and remains clean. This avoids additional time and money for cleaning.

STRONG.

The special conical container design guarantees emptying with ease.

_03 DURABLE.

All locks and fittings are weatherproof galvanized.

_04 UNCOMPLICATED.

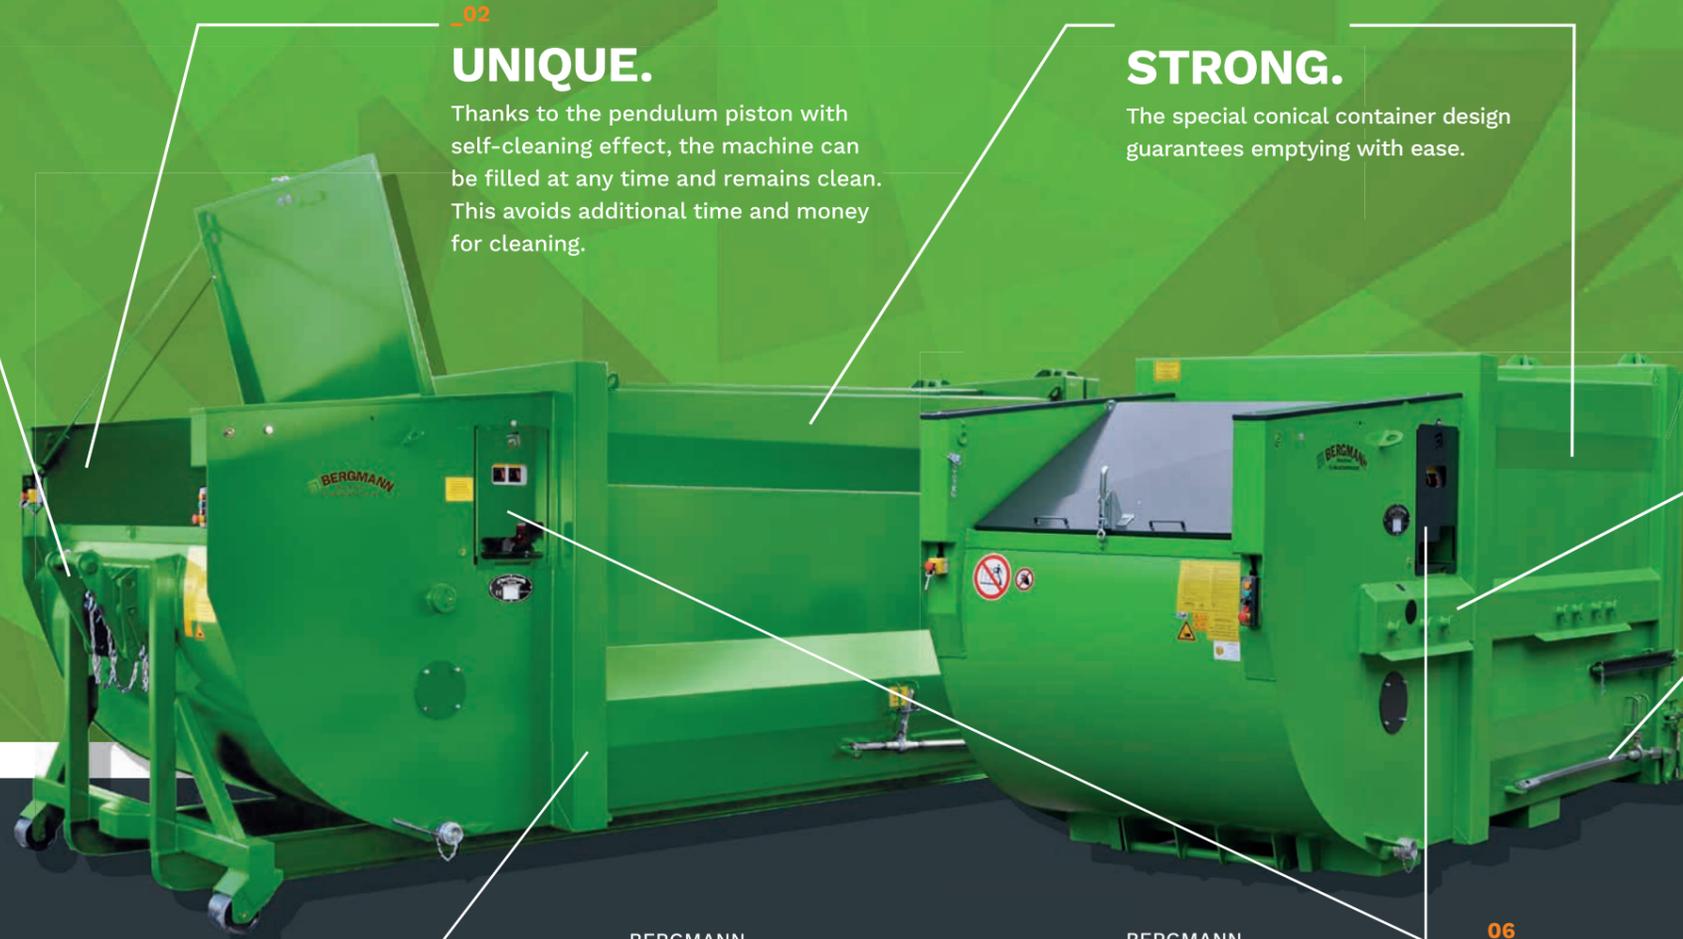

All lubrication points on the piston are accessible from outside. This offers an absolute added value for the maintenance and care of the machine. Especially for waste from hospitals and nursing homes.

_05 FOR SURE.

The integrated ratchet extension enables easy and safe emptying.

POWERFUL.

The oscillating piston undermines the garbage in the return stroke, throws it in front of the piston, conveys it into the container in the forward stroke and compacts.

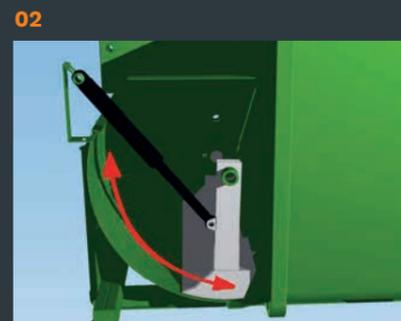

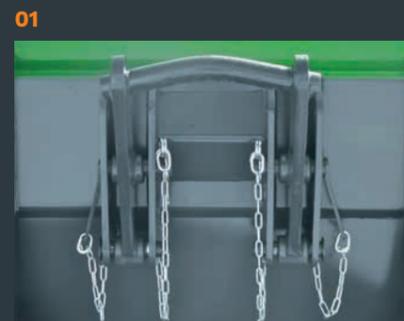

BERGMANN
MPB 918
for roll-on/roll-off trucks

BERGMANN
MPB 414
for skip lift trucks

_06 MAINTENANCE FRIENDLY.

The central power unit for electrics and hydraulics can be easily pulled out and is therefore always accessible. The same applies to the main and motor protection switch.

**OUR AMBITION:
WASTE COMPACTION
WITH MAXIMUM
EFFICIENCY.**

WE ARE BERGMANN.

› TECHNOLOGY LEADER

As a pioneer in waste management, we develop highly efficient machines for waste compaction. Always in focus: functionality, quality and safety.

› COST REDUCERS

When rubbish and waste become not only a problem, but also a cost factor, our machines are the first choice.

› PROBLEM SOLVER

We are in intensive dialogue with our customers and develop practical solutions for their current requirements.

› SERVICE PARTNER

We guarantee spare parts availability for 15 years and have an extensive service network of experienced technicians.

WE ARE BERGMANN. SINCE 1970.
